

Mount Alvernia High School Travel Policy

Mount Alvernia High School is requiring any student who travels outside of our state of Massachusetts to review and follow the Covid-19 Travel Advisory recently updated by Governor Baker on March 22, 2021.

[Click here to review Massachusetts Travel Advisory](#)

Mount Alvernia requires proof of a negative Covid-19 test result that was administered up to 72-hours prior to arrival back into Massachusetts. We ask that this test copy be submitted to our Wellness Center prior to your planned reentry into school.

If a student declines Covid-19 testing then she will remain remote for the required 10 day quarantine period.

Please notify Mrs.Brancato, our school nurse, of your travel plans in order that there is appropriate follow-up.

It is the responsibility of all of us to help keep transmission levels as low as possible here in the Mount Alvernia High School Community.
